To whom it may concern,

Re: Review of Services by Party Power PA and DJ Equipment Hire

Party Power PA & DJ Equipment Hire were employed by the Architects Lectures Society at the University of Nottingham to provide PA, DJ and Lighting for the annual Architecture Ball.

The society was very pleased with Party Power's service from start to end. We valued the highly competitive quote as well as the friendly, helpful staff. Party Power were very keen on offering the best suited equipment for our specific event and venue, and their offer to visit the site ensured us we would be getting the most appropriate equipment.

The event itself was a great success, much due to Party Power's professional and dedicated service, as well as top-spec PA system and lighting, which contributed greatly to the atmosphere in the room.

We were highly impressed with Party Power's ability to deal with our challenging requirements, incorporating several live bands and DJ sets.

Overall, we would warmly recommend Party Power PA and DJ Equipment Hire to anyone looking for a professional, friendly service with top quality equipment.

Kind regards,

Architects Lectures Society,
Publicity Officer
